

GIVEMORE & SYLIVA NYAKAMBIRI

JANUARY 2023

Greetings from Malawi!

Thank you for your prayers and support as we share God's grace in Africa.

Single mothers

Sylvia continues with skills training with single mothers in Lilongwe. She has since trained them in making laundry soap, flower vases and vaseline adding to the skills of making popsicles, sausages and door rags among other things. These skills provide these single mothers with a variety of avenues to bring food to their tables. Along with these skills they have Bible Studies that help them grow spiritually as individuals and help them to teach their children as well.

Men's Fellowship

Pastor Davis works with Givemore in the men's ministry. Recently, during a two-day seminar in Chikwawa, Southern Malawi, he taught a group of men helping to align them and their cultural practices to biblical truth. This will not happen overnight but we are thankful to God for such life changing opportunities. Families asked if we could visit them again. Having married couples sit next to their spouses is still a taboo and is a huge challenge doing it in public places. It was, however, a lot of fun seeing shy faces of couples who have been married ten years yet uncomfortable being next to each other during the seminar.

While men were having their time with others from Lilongwe, Sylvia was taking time with ladies separately. She realized that there is a great need for women not only spiritually, but in terms of how to take care of themselves and their children.

Hospital home visits

Faith needs prayer for her recovery and food supplies. When we visited Faith for the second time, it was raining. Her grandmother was out in other people's corn fields for piecework. She was working in the rain to provide food for her very sick grandchild. Continue praying for Faith's health. Faith has a tumor, half the size of her head on her right eye.

Pastor Davis stressing a point at a men's seminar.

Givemore with hospital staff handing food aid to Faith's grandmother.

Pig farming

Mrs. Ngoloma used to make a living by selling homebrewed beer. She became a Christian and a member of the Bible Study group that Sylvia conducts in Mbewa Village. Mrs. Ngoloma donated her large clay pot to store water for the pigs at the pig sty. She previously used this clay pot to brew beer for business and selling it to villagers.

The pigs are growing healthy. Pray that the ladies will be patient and work hard to realize profits.

A healthy pig at the farm.

Transitioning to Mozambique

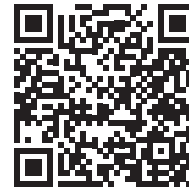

For meaningful ministry in Mozambique we need a second-hand four-wheel drive vehicle and are asking if you will consider praying with us toward acquiring one. If you would like to give towards our vehicle, please visit www.gracem.org and look for "Nyakambiri Vehicle" in the Projects dropdown menu. We look forward to moving to Mozambique by June.

Pray that we meet people who are willing to learn and ready to reach out to their communities with the gospel of salvation. Pray that God will give us disciples who will be available to train others for the work in different areas of the church. Pray that those with whom we have been working in Malawi remain faithful to God to continue with the various ministries.

Thank God for faithful partners who have stood with us for years and for new ones who are praying for us each step of the way.
