Life and Ministry in Tanzania

June 2021

Instead of telling you about sunbirds, dry land kingfishers, and locusts, I'm telling you about a hummingbird, cardinal, and cicadas this morning! So you can guess I'm in Ohio USA instead of Tanzania!

We—Dan, Tina, Seth, and I—came back to be with their oldest, Natalie, who graduated from nursing school. The other plan is to get Seth, who just graduated from high school sorted out with summer jobs. He's applied to two universities—Liberty and College of the Ozarks—for the fall of 2022. After working this summer in Tennessee with his sisters, he will be joining the Logos Hope ship under OM for one year of mission service.

Covid has changed a lot of programs. Pray for God's leading in all this! Our campus at Masumbo has been able to host church services during these last 18 months. We meet under a thatched roof, in an open-walled building (actually, it's the dining area for the campus). Everyone enjoys it, since after the service they can have their lunch in the fresh air on the lawn in a socially distant way.

Providing a safe place for seminar and language students has been a joy, since international students were unable to travel this past year. Thanks for praying for Masumbo and the people we've been able to serve!

I traveled with Dan and Tina, visiting supporting churches, friends, and relatives. We really enjoyed seeing folks we hadn't seen in years! It's been interesting, too, having all three of our children on the

“same side of the pond,” as Deb says! It’s easier for them since I don’t forget and message them at 2 AM!

David and family are in Indiana taking care of Joyce’s mother—hope to see them before we leave for Tanzania. Our return tickets are for mid-July, since we would like to be back to prepare for a group of students. We’re excited to have this chance to speak into the lives of these young people. Please pray for us and them! They’ll be at our campus for nearly a month.

Thank you again for your prayer and financial support—God is faithful!

May God bless you this summer!
