GRACE MINISTRIES AROUND THE WORLD

GRACE MINISTRIES INTERNATIONAL

Keeping you praying for and informed about GMI

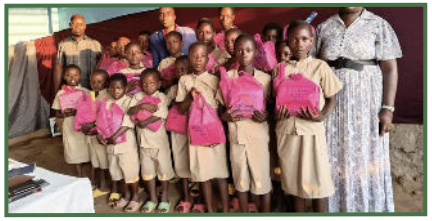

November - December 2026

• ***In Malawi,*** the Grace School of Home Economics has completed another year of training women to develop marketable skills to better provide for themselves and their families. The graduation ceremony in September celebrated 30 ladies and inspired many to walk with God and to transform their lives. Hundreds of women in Malawi have been trained and encouraged over the years through this ministry led by GMI team member Emmanuela Asong.

Emmanuela and a Graduate

• ***In Burundi,*** more than 95 children received uniforms and supplies through an outreach led by GMI team members Method and Omelina Mwendapole. A group of unwed mothers whom Omelina trained earlier this year sewed these uniforms. The orphan and sewing ministries have given the Mwendapoles a platform to share the gospel.

The Students in their Uniforms

• ***Zambia*** is the home of GMI team member Edah Mwanamoya. She is grateful that her sewing class has increased from 20 to 30 women. She shares, "It is with much joy and praise to the Lord that we have multiplied the women participating, and we have chosen to extend the number of days we meet to provide more time for studying God's Word and learning skills."

Ladies Sewing

• ***Southern Africa.*** Pray for a couple of believers who have suffered for their faith. One of our team members shared about a woman who "was expelled from her community because she decided to follow Christ. She is now homeless and in a desperate situation. Please pray that God will provide for her needs and surround her with love, encouragement, and support through her new family in the Body of Christ." This same team member also asks us to pray for another believer who was summoned by the local chief to the marketplace and publicly threatened because of his involvement in leading people to Christ. He was sternly warned never to set foot in the village again.

• ***In Tanzania,*** GMI team members Ted and Kim Rabenold disciple and encourage others to disciple through their ministry of utilizing local resources in a rural area in the western part of the country. They are thankful for the completion of an irrigation project that brings water a full kilometer for one of their tree nurseries. Because of farm-based initiatives like this, they recently saw a young man, who is part of their farming team, and his wife place their trust in Jesus Christ.

The Man in Tanzania Who Accepted Christ

• ***In Malawi,*** GMI team members Givemore and Sylvia Nyakambiri have provided food assistance and spiritual counseling for several years to cancer patients and their families traveling to the capital city of Lilongwe for treatment. This past year, because of the Nyakambiris' ministry, a father started a Bible study that is developing into a church plant.

Cancer Patients Worshipping

• ***Latin America Church Plants.*** One of GMI's core ministries is church planting. In Aruba, Mexico and Paraguay, GMI team members have been holding initial Bible studies and meetings with the goal of planting churches. For Merida, Mexico and Ciudad del Este, Paraguay, these will be the second churches. Aruba, on the other hand, is GMI's newest field, where GMI team members Carlos and Denise Brunk are planting the island's first GMI-affiliated church.

• ***The Christmas Catalog is Here!*** The 2026-27 GMI project catalog, "Giving Opportunities," has been printed and mailed! This magazine-style publication features over 60 projects submitted by the GMI global team to help us advance our four-fold ministry of equipping believers around the world to share the gospel, plant churches, train/disciple others and share God's love through acts of mercy. You can find the catalog online by visiting gracem.org and clicking on the "Projects" tab. Then, you can select "2026 Christmas Catalog" from the side menu or click on any of the "2026 CHRISTMAS CATALOG" tags under a project photo. If you or your church has not received the catalog and would like to, please let us know. You have changed so many lives over these past 13 years through your generosity towards these projects.
