

**GIVEMORE & SYLIVA NYAKAMBIRI**

**AUGUST 2023**

## *Greetings from Malawi!*

Thank you for your prayers and support as we share God's grace in Africa.

## *Single Mothers tMinistry*

We graduated eight ladies from our Single Mothers program this year and sent them out to run small businesses. Some have managed to get big contracts from local lodges to supply soap. Please pray that the cohort of 20 new single mothers who have entered this program will be sufficiently trained as they are prepared to be sent out with the skills they have learned. Skills trainers (teachers) are being equipped to continue training future groups of single mothers even after we leave to begin our new ministry in Mozambique. Along with learning valuable skills, the single mothers work through essential Bible studies during their meetings. Pray as well that these ladies will cultivate a closer walk with God. *We are thankful for your prayers for these single mothers. The lives of these mothers and their children are being changed through skills training, the Word of God, and your prayers and donations. Thank you.*

## *Cancer Aid*

Some of you have heard the news that our son, J-Nathan, has been diagnosed with cancer again. He was diagnosed with leukemia in 2018 and he endured over three years of treatment before the cancer went into remission. He had not been feeling well for the past several months and after undergoing medical tests he was diagnosed with Hodgkin's Lymphoma last month which came as quite a blow to us as a family. But we believe and trust that "all things work together for good to those who love Jesus," and who "are called according to His will." *Thank you for walking this journey with us again.*

The Lord gave us a break for a year and He allowed us some rest from this weary journey with cancer, but we are now on it again. We know the Lord is holding our hands and walking alongside us each step of the way. Please pray that God continues to use us in ministering to everyone we meet on this journey. Your donations towards the cancer patient fund enable us to provide food aid and to reach those in the hospital with the gospel. *Thank you to the church in the States that made and donated clothes for those in the cancer wards. The children were so happy and a felt need was met.*

## Mozambique

As you may recall from our January 2023 letter, we were hoping to relocate to Mozambique by June 2023 and move forward with establishing our ministry there. With J-Nathan's cancer diagnosis and subsequent treatment, moving to Mozambique is on hold and we are waiting upon the Lord and listening to His voice to determine our next steps. We are willing and ready to allow Him to direct our path (Psalms 119:105) and follow His timing, as we focus on caring for our son at this time. *Please pray for us and with us as we seek the Lord's strength and healing.*

## Pig Farming

Thank you for partnering with us in helping to eliminate poverty in Mbewa Village. The ladies are beginning to realize some rewards for their hard work. We have eleven new piglets, and we have four sows that are expecting to give birth to more piglets within a month or two. The ladies are excited. The new motorbike, which was part of the GMI 2022 Christmas Catalog, will help the ladies with buying feed and selling their pigs as it will make transporting feed and piglets much easier on the difficult roads in the area.

## Men's Fellowship

Proverbs 27:17 says "As iron sharpens iron so one man sharpens another." The aim of our Men's Fellowship is that men will choose to be their "brother's keeper." We meet to encourage each other in the Word of God as we learn to be effective leaders in our homes, churches, and our communities. We desire that men keep growing spiritually so they can be good examples of what it means to be godly Christian men in their homes and in everything in which they are involved.

Men from the church in Lilongwe visited Kaluwira Village church to encourage the men there to regularly join together in fellowship and for encouragement from the Word and to strengthen their relationships. This ministry is being introduced in each individual church that we are working with in Malawi. *Please pray that these men learn to disciple others in their Christian walk.*

*Men's Bible Study in Kaluwira Village Church*

## Evangelism Outreach

The departments of evangelism and theological training joined hands to revisit the Nkhata Bay Bible study group. The week was busy with one-on-one witnessing and teaching during the day followed by open-air mass crusades in the evenings. Many people were invited to choose the Lordship of Christ in their lives. We are thankful for your prayers for these evangelistic outreaches.

**Thank God for faithful partners who have stood with us for years and for new ones who are praying for us each step of the way.**
