

Ministries of Brook Seekins
in Malawi

JUNE 2025

Greetings from Ohio!

I have spent the past six months travelling through different parts of the United States and have enjoyed catching up with so many of you whom I have not seen for years, as well as meeting many more of you for the first time. It is always a blessing to meet so many members of the Body of Christ and to worship in so many different churches. It is also a special blessing to fellowship with other missionaries as we minister and participate in missionary conferences together. **Praise the Lord for safe travels and for the fellowship we have in the vast Body of Christ.**

"For just as the body is one and has many members, and all the members of the body, though many, are one body, so it is with Christ." 1 Corinthians 12:12

What a pleasure it has been to share what God has been doing in Malawi and the opportunities we foresee for the future. In each location that I visited, I shared about all the Lord is doing in Malawi, especially with the Youth programs. We have laid a great foundation for sustainable youth ministry and hope that it will continue to grow. Along with sharing about my work, I also expressed the need for more missionaries to join the global effort to share God's grace around the world, including in Malawi. With more than thirty churches established and fifteen more church plants underway, the GMI Malawi team has its hands full. **Pray for the ministries in Malawi, as well as for the need for more missionaries around the world.**

During my stay in the US, I have been receiving reports of continued economic difficulties in the country of Malawi. I've also heard stories of how ministries have found unique ways to move forward while knowing that finances are tight. Being creative and wise is part of mission work! I received some reports from the youth directors on the ground regarding the ongoing Youth Group Teacher

Speaking in one of the many churches I visited in the US

With a team of servants from around the world at a mission conference

One of several Youth Teacher trainings held earlier this year

trainings occurring in many areas of the country, as well as preparations for upcoming youth conferences in August. **Praise the Lord for the leaders who keep moving forward and training others.**

One of my projects over the next few weeks is writing the curriculum for the upcoming Youth Conferences, which will be held during the school break in August. Our theme this year will be the Fruit of the Spirit. **Pray for wisdom as we plan the upcoming conferences.**

I have purchased my tickets and plan to return to Malawi in mid-June. I will be spending my last few weeks in the US with my family, as well as putting my personal things in the US back into storage and packing what is needed for the next two years in Africa! **Pray for these final days of packing and goodbyes, as well as for safe travels.**

By His Grace,

Brook

If you would like to help support the upcoming Youth Conferences, click on the **Projects** tab at gracem.org and search for **Malawi Youth Conferences**.
