

Keeping you  
praying for  
and informed  
about GMI!

● **New Believer in Paraguay!** A Hindu man whom GMI missionaries Jerry and Sandi Bomers met on an exploratory trip to Paraguay over a year ago accepted the gospel of Jesus Christ recently through a Bible study they shared with him on the Book of John. Pray for this man as he understands what it means to be a Christian and as he works through many questions and the distinctions between Hindu and Christianity.

*Worship at Grace Bible Church  
with Pastor Peter in Kumasi, Ghana*

● **Survey Trip to Ghana.** During the first two weeks of November, GMI missionary Joseph Asong traveled to Ghana, West Africa, to survey this country for possible GMI ministry. Joseph interviewed 11 Ghanaians who shared that the greatest spiritual needs are salvation, an in-depth knowledge of God's Word, preparation for spiritual attacks, and a need to know the grace of God. Pastor Peter Adjei-Annoh and his association of churches, which are committed to sharing God's grace as revealed to and by the Apostle Paul, hosted Joseph. Their greatest need is theological and ministry training so they can reach more of Ghana and West Africa with the gospel.

● **Survey Trip to Honduras.** In December, GMI missionaries Emiliano and Raquel Seravalli, who serve in Nicaragua, crossed the border north into Honduras and visited four cities in the southern and central regions of the country. They spent nearly a week meeting with people from all over Honduras, asking questions, and getting a feel for what life and ministry might look like in this country

where God's grace needs to be proclaimed. Pray for wisdom for GMI as we assess Honduras as a potential new field. Emiliano and Raquel shared the need for sound doctrine and wrote in the final line of their eight-page report, "We pray [to] God to send laborers to Honduras."

● **Pray for New Missionaries!** With recent survey and ministry trips to Mozambique, Ghana, Panama, and Honduras and with needs in places such as Puerto Rico, Zambia, Nicaragua, Paraguay, and Tanzania, we need more missionaries. As we push into new places and expand the work on existing fields, this need will continue to grow. Just as we asked you to do last year, please pray that God will provide us with at least two new missionary families or individuals to join the GMI team in 2017. In 2016 the Lord provided us with three for which we give Him thanks!

● **The Netherlands** is home to sister churches which Pastor Caleb Befus (Grace Bible Fellowship—Jenison, Michigan) and GMI Executive Director Jeremy Clark visited

*Fire in the town's market which  
cost Jastin his business*

November 9-17. Pastor Caleb and Jeremy conducted seminars covering topics such as leadership, the distinctions between law and grace, a biblical perspective on goal setting, evangelism, and more. The attendees were pastors, church leaders, and members of the three churches affiliated with Grace Ministries International in the country. The work in Holland grew from the original church planted by GMI missionaries Carlos and Denise Brunk before they moved to Bonaire and eventually became missionaries with GMI in December 2013.

● **The EXITE Team** is looking for high school and college students to serve in Paraguay next summer (2017). Paraguay is GMI's newest field where GMI missionaries Alex and Deltha Gulart are working with GMI missionaries Jerry and Sandi Bomers to share the gospel and plant churches in the strategic city of Ciudad del Este located on the border with Brazil and Argentina. During this life-changing trip you will work with youth and children as you experience this diverse and international culture of Paraguay's second largest city. Visit [www.gracem.org](http://www.gracem.org) and click on "EXITE TEAM" under the "Opportuni-

ties" tab for more information. Applications should be in by February 17.

● **In Sumbawanga, Tanzania,** GMI missionary Mike Caraway shares about Jastin, a business mentoring client of GCDE, who lost his business due to a fire that destroyed many businesses in one of the town's markets. Mike writes, that "no one was seriously injured in the fire and most of the small business people have relocated to a temporary market until they can rebuild. Jastin has such a positive attitude and is intent on rebuilding his business from the ground up. He expresses his gratitude to God for his family and thankfulness for many who are praying for him."

● **On the Island of Bonaire,** in addition to conducting seminars for men, women, and couples, GMI missionaries Carlos and Denise Brunk teamed up with Kevin and Samara Busropan, members of a sister church in Curacao, to run a volleyball outreach to young people in late November. The Brunks ask us to pray that, "these young people will be moved to know about Christ and be saved."
